OLIVER WYMAN – ACTUARIAL INTERN

Company Overview

The Actuarial Consulting practice of Oliver Wyman is an operating division of the Oliver Wyman Group, a member of the Marsh & McLennan Companies (MMC), the foremost employer of actuaries in the world. Oliver Wyman draws on an extensive pool of global capabilities and experience to serve clients worldwide.

Our Actuarial Consulting practice has assisted insurance companies, self-insured corporations, government entities and other organizations with all aspects of managing insurance exposures since 1986. Our highly credentialed actuaries bring to the table wide-ranging expertise and deep knowledge of actuarial science, risk and insurance. With offices throughout North America, we combine a broad perspective with the local connection required to optimally serve our clients' business needs.

Oliver Wyman provides a competitive compensation plan and a practice-based Intern Actuarial Study Program. Our flat organizational structure and performance-driven culture allows opportunity for rapid advancement.

Job Description

Oliver Wyman is seeking an Intern to help strengthen its growing North American Life Actuarial Consulting practice. This individual will have the opportunity to join a firm with an aggressive growth mission. Additionally, the Intern will have the ability to work alongside well-known, senior-level consultants and gain broad industry exposure among Oliver Wyman's clients, which include insurance companies, reinsurance companies, investment banks, law firms, regulators, and private equity firms.

Projects include but are not limited to the following:

- Insurance mergers & acquisitions – sell-side appraisals and buy-side due diligence
- Capital markets transactions - reserve financing (securitization) and reinsurance
- Life and annuity product development and financial reporting
- Creation and analysis of financial projections
- Litigation support
- Client and industry presentations and case studies

Qualifications

- Working towards a Bachelor's or Master's degree in Actuarial Science, Mathematics, Statistics, Finance or a related field
- Commitment to achieving ASA designation
- Strong technical knowledge (MS Excel, MS Access or other database software, VBA or another programming language)
- Strong written and oral communication skills
- Ability to quickly process and learn new concepts

How to Apply:

1) Send your CV, cover letter, transcripts and past co-op term evaluations to recruiting.actuaries@oliverwyman.com
   a) Attn: Rosette Salinas
2) If you are shortlisted, you will be invited for an interview for further consideration
